# C6029 FALMOUTH ACCELERATED PROGRAMME: STORM OVERFLOW REDUCTION: SOUTH WEST WATER

Charlie Ford, Project Manager presented an update on the Programme, and with Kathy Merton the Regulatory Programme Manager responded to questions. The Combined Sewerage/Storm Overflows had been extended to 17 (from 9 planned) and he explained how they sat in the overall programme. There were four ways to reduce: Infiltration, surface water separation, building additional storage, and operational/asset optimisation. He updated on the wider Falmouth scope and schematic and the Queen Mary Gardens plan current position – two options: deliver a storm tank at 300sqm alongside infiltration reduction, and deliver reduced storage, alongside surface waters separation and infiltration reduction. Now postponed from 31st March 2025 completion to after the 2025 summer embargoes, this was to investigate feasible surface water separation opportunities. Over 2800m of sewer had been surveyed and that data would inform the proposals by clarifying road gulley connections. 17 new screens would be required, and he outlined their positioning.

Next steps: holistic catchment review and detailed design proposals for fast track elements of work was due to complete in June 2025; Queen Mary Gardens sat outside that work and would remain accelerated, with surface water proposals or decision making early in 2025; there would be a re-evaluation of the Falmouth Catchment model to deliver 'quick wins'; deliver 'no regrets' work such as infiltration at Queen Mary Gardens and further; establish collaborative relationships with local and broader stakeholders, that would include the Town Council.

#### C6030 TOWN MAYOR'S REPORT

The Town Mayor presented their report that was duly noted. Additionally, he was pleased to note that the Council had received a Judge's Commendation in the Cornwall Sustainability Awards and had been shortlisted for Council of the Year in the National Association of Local Councils Awards, as well as nominations for Sustainability and for the Town Clerk. He also referenced the statement from the Mayor of Penzance previously circulated to councillors and supported.

Alongside Truro and Penwith College he presented the Council's Multi-skilled Operative (Grounds) Jack Aston with the Institute of Leadership and Management award.

He also presented Sean Pond with a long-service award for acting as Macebearer for 18 years.

The Mayor adjourned the meeting at 7.55pm and reconvened at 8pm.

He also updated on the Cornwall Leisure Framework, alongside the representations of the Town Council he had challenged the formula used to establish public swimming need, this had been considered by Cornwall Council's Overview and Scrutiny Committee and was progressing to Cabinet consideration where the Framework was likely to be ratified.

#### **Trescobeas and Budock**

Councillor Saunby updated on the Falmouth Fire Station Managers report regarding the fire at Kergilliack and the Environment Agency licensing of the Greenspot, and the maintenance of the hedge adjoining the Fire Station. He updated on his work on the Miscellaneous Licensing Committee at Cornwall Council.

#### **Penwerris**

He was taking up a number of housing issues for residents and with Councillors Konik and Pearce met with the Penwerris Tenants Association. Mould Survey actions and remediations remained an outstanding matter. Caravans in the highway near Ponsharden were being moved by the Highways Authority. He was disappointed that some planning application call-ins he had taken forward for the Town Council had been ignored by Cornwall Council who were dismissive of Neighbourhood Plan policies.

## Town Management Report to Falmouth Town Council 09/12/24

#### **SAFE & SECURE**

This has been a significant focus of activity in recent weeks and months as I have mentioned on previous reports, placing strong challenge on our limited Town Team resources, as well as pressures on our time. The escalation in cases and low business confidence situation due to the range and frequency of incidents being experienced dealing with the various issues by us face to face, dealing with challenging 999 incidents, influencing and lobbying for greater Police resources, central or regional funding, undertaking a close review of our operations and available resources, playing a key role in new safety partnerships and more besides.

### Detail on the various components:

- Disc. The rollout of the Disc crime reporting platform continues and has been very well received. We have over 200 business signups, half of whom are active users. The system is starting to build up a vital picture of high street dynamics. The intelligence gathered from incident and crime reports is being actively fed through to the Police to influence allocation of resource. Work continues around training and support, a key strand. The more accurately incidents are reported, then more can be actioned. We have produced a useful 'how to' handout, which will be disseminated via the Rangers to hundreds of businesses over the next few weeks
- Rangers we're in the process of securing additional funds to support a
  training enhancement called CSAS, which will give additional powers of
  influence to the Rangers. The Rangers continue to offer a good visible
  presence in the town, responding and reacting as is within their current
  powers to do so, providing much needed reassurance and support to many

businesses. We are liaising with FTC's in-house Environmental Education and Enforcement Officers who have undertaken the enhanced training that I allude to above, teaming up on patrols where feasible and possible, while at the same time, ensuring there is open dialogue and collaborative working practices

- Internal support this has involved mentoring and supporting our teams inhouse, around reporting protocols, 999 procedures, safety and first aid
- Policing –
- 1. The positive news of the months of lobbying and situation analysis plus a very productive Traders meeting has been the work of the very recently installed new beat manager Paul Stevenson. He has been a strong visible presence since he started in post several weeks ago, disrupting regular activity and engaging with the business community.
- 2. Focus in terms of the focus of ASB activity for the Police in Falmouth, without going into too much detail, there is a 'hyperfocus' on six key individuals. This process will take time, as there is the building of evidence towards a CBO (Criminal Behaviour Officer), a strong piece of legislation that provides the Police with the powers to ban individuals from a town centre for a period of time or indefinitely (depending on the CPS' input of course). The shift of focus on the six will change once action against one or more of the first key six, is achieved, so in essence, it is a rolling six.
- 3. Partnerships this has strengthened. The Safer Falmouth group that we attend has expanded its remit and in addition a new group, with service leads from all the key agencies has been formed. This is a core information and intelligence gathering/sharing forum that again, we sit on and provide steer
- Town Link Radios this is starting to play a good role, with more businesses
  utilising them and feeding into the comms and reporting framework. Our
  Rangers continue to advise and support businesses here as well

## Town Management Report to Falmouth Town Council 09/12/24

#### **TOWN DELIVERY FUND**

- I'm pleased to say that although it took a long time to confirm from Cornwall Council, as you are aware that we have been successful with our application into this funding pot for the Town Delivery Fund
- We launched the shopfront improvement grant scheme, one of the core strands of the fund as we have laid out, and this has been very well received and in just a few weeks the full take up of the grant has been used by the businesses. It has been a very quick turnaround and once the businesses have undertaken the work then grants will be paid.
- One of the funding strand remits also enables us to undertake in-depth socio-economic analysis around footfall, spend, postcode and heatmapping, and more information will be available on this in due course

Thank you to all Clirs who helped out with the Festive Weekend and we wish you all a very Happy Christmas.

### FALMOUTH TOWN COUNCIL 9<sup>th</sup> DECEMBER 2024 TOWN CLERKS REPORT – PART I

1. Cornwall Council - Assessment Decision Notice, Councillor Zoe Young -CCN045/24/25

To receive the decision notice and recommended actions to remedy the breaches ()

Mark Williams FGC FSLCC Town Clerk December 2024

## **ASSESSMENT DECISION NOTICE**

## A BREACH OF THE CODE HAS BEEN FOUND

## **ACTION REQUIRED**

Reference: CCN045/24/25

Complainant: Councillor C Coley, Falmouth Town Council

Subject Member: Councillor Z Young, Falmouth Town Council

Person conducting

the Assessment:

**Simon Mansell, Group Manager - Assurance** 

Date of Assessment: 2 October 2024

#### Complaint

The Complaint is that, due to comments made at a meeting of the Council's Finance and General Purposes Committee which was held on 8 July 2024, and posts which were made on social media, the Subject Member has breached the Code of Conduct.

#### **Decision and Action**

That, for the reasons set out in this Notice, there has been a breach of the Code of Conduct.

Given the breaches of the Code found, and the manner in which the Subject Member chooses to address officers and the disruption this brings to Committee meetings, it is recommended to the Town Council that the rights extended to its members under Standing Order 1(u) are removed from the Subject Member until May 2025.

#### The Assessment

In undertaking this assessment, I have had regards to the following:

- The complaint as made;
- The response from the Subject Member; and
- The views of the Independent Person

#### The Complaint

In making the Complaint, the Complainant has started by saying that it is appreciated that the sanctions under the Code as they stand are unable to fully, or properly deal with the persistently unrepentant behaviour of the Subject Member. However, the Complainant has said that the unchecked poor behaviour of the Subject Member continues to damage the reputation of the Council and the Subject Member's office as Councillor. Further, the Complainant has said that the conduct puts the Council in breach of its duty of care to its employees, it uses up an inordinate amount of time for Council Officers as well as further unnecessary expense to our precept-payers.

It is said that the Subject Member continues to be prolific in her inappropriate and accusatory social media output. At meetings there are frequent requests from the Town Clerk for her to temper her tone and be cognisant of the Town Council's policies and the requirements of the Code of Conduct.

Most recently the Subject Member is said to have attended a meeting of the Council's Finance and General Purposes Committee on 8 July 2024. Even though the Subject Member is not a member of the Committee the practice of the Council is for the Chair to allow non-members to speak, with the Council's Standing Orders allowing for this.

At such meetings, it is said it has become regular practice for the Subject Member to record herself making grandstanding statements in the meetings, and the meeting on 8 July 2024, the Complainant has said, was no different. In the public part of the meeting the Subject Member, with another member, were disparagingly critical of the Council's Responsible Financial Officer (RFO), Ruth Thomas, who was in attendance presenting a financial forecasting report. The comments are said to have denigrated her professionalism and ability. At the same time the Subject Member also returned to her untrue allegations regarding the Tallships 2023 event safety and financial matters.

The Chair requested that those statements were withdrawn as they were not correct. However, it is set out that the Councillors did not withdraw their statements and both Councillors continued to talk over the Chair, (and each other) and failed to respect the Chair when she stood to regain order and because of this the meeting had to be adjourned.

Upon resumption the Chair advised that both Councillors' statements were unfounded and incorrect and stated that the Council had the utmost confidence in the RFO. The other member clarified that the comments were not directed at the professionalism or conduct of the RFO but the reporting format and apologised for the comments the following day.

Undeterred by this, at the conclusion of the meeting the Subject Member loudly and in front of all remaining attendees rehearsed her previous allegations regarding the Town Clerk and perceived failures in his role as Gold Command for Event Management of Tallships 2023 and that he had instigated a cover-up of those things, including by the Police and others, and a cover up of financial irregularities. As a part of this cover-up, she alleged that the Council had paid to receive a national award from the Association of Town Management for the event, another thing that the Council has had to refute, and which damages its reputation.

The Complainant has said that, as the Chair of the Falmouth Town Council Staffing Committee, it is clear to her that the Subject Member continues to consistently fail to recognise both her and the Council's duty of care to its employees and the Subject Member is said to seem to positively relish the fact that she can do this. It is said in the Complaint that this is affecting the wellbeing of the Council's officer team and discourages officers from attending meetings (outside of formal meetings it is only the Town Clerk that now interacts with the Subject Member following the Standards recommendation regarding managing interactions). The Subject Member fails to respect the Council's Chairs, her fellow Councillors, nor observe the practices of the Council and the requirements of the Code of Conduct.

Several social media posts made by the Subject Member have been provided as part of this Complaint to demonstrate the lack of support shown by the Subject Member towards the Town Council in general, with the Subject Member stating at one point, when referring to the Tallships event in the Town in 2023 that she was the sole councillor to witness an expensive shambles at the docks last summer.

In summary, the Complainant has said that that Subject Member has failed to treat others with respect. She has attempted to bully and harass Town Council officers and conducted herself contrary to the standards required, bringing the office of councillor into disrepute. She has failed to comply with the directions of the Monitoring Officer, and the need to complete Code of Conduct Training refresher and as directed by the Monitoring Officer.

#### Response from the Subject Member

Please note that, as previously advised, for serious health reasons I remain unable to engage with any further Code of Conduct complaints etc without the support of a trained and independent neurodiversity mentor from within the Council's ecosystem.

This is a standard Reasonable Adjustment to which I believe I am legally entitled under the Equalities Act 2010.

I note that the promised neurodiversity training for Falmouth Town Council staff, officers and councillors does not seem to have been rearranged as yet; if it has, I have neither been informed nor invited.

This ongoing campaign of Code of Conduct complaints by members of the Labour group on Falmouth Town Council and others supported by the Town Clerk, combined with his insistence that I engage with these complaints without access to the appropriate accessibility support, feels a lot like bullying and may be discriminatory in fact.

#### Application of the Code of Conduct

In considering the Complaint as made, I am satisfied that the Subject Member was acting in their official capacity at the time of the alleged conduct and therefore was bound by the Code of Conduct.

As with all ethical standards complaints, this is assessed against the Code of Conduct adopted by the Council and the procedures for assessing complaints adopted by Cornwall Council. The information provided is assessed on the balance of probabilities; this is, would a reasonable person objectively considering of all the facts

be of the view it is more likely than not that the actions of the Subject Member amount to a breach of the Code of Conduct.

#### Consideration of the Facts

In undertaking this assessment, I have taken into account the fact that there is a quasi-employer/employee relationship between the Subject Member and Council officers and therefore there is a need to ensure that the relationship of trust and confidence, which has to exist in an employment situation, is maintained.

Prior to considering the facts, there is a need to address the comments from the Subject Member as are set out above.

This Complaint was first sent to the Subject Member on 8 August 2024, and it was then raised by the Subject Member that she is of the opinion that she required the support of a trained and independent neurodiversity mentor from within the Council's eco system.

Whilst this is a matter for the Town Council in order to allow extra time for this to be resolved, several extensions of time have been granted to the Subject Member. The Town Council extended offers of support to the Subject Member, but these have been refused.

The Clerk to the Town Council advises that Neurodiversity Awareness training for councillors and staff has been undertaken and she, the Subject Member, has already been made aware of this.

Throughout this, the Subject Member has continued to act in her capacity as a Councillor, without the support she has stated she needs, and it is because of this, that the Complaint is being considered at assessment. The Code of Conduct is a statutory requirement, and it is a requirement of the Localism Act there has to be a system in place to ensure that complaints against a member who is undertaking their duties as a Councillor and on taking office agreed to be bound by the Code.

I will cover the allegations of bullying in the summary, below. However, it is sufficient for the purposes of this assessment to state that, whilst the Subject Member may not like the fact a complaint has been made against her, there is nothing to indicate that the Complaint is bullying in its nature.

Paragraph 2.1 of the Code of Conduct sets out that a Councillor is required to treat others with respect. This is one of the longest standing provisions in the Code and is set in place to ensure that all elected members, whilst being able to challenge matters, do so in a manner which is not personal to others. There is also a need, if the person is an officer of the Council, for the member concerned not to break the relationship of trust and confidence which needs to exist in the employer/employee relationship.

On that basis, there is nothing to prevent any Councillor from challenging the RFO of the Council about financial matters providing this is done in a professional manner, and the fact that the challenges both to the RFO and the Clerk were not brought in this manner is the crux of the Complaint. At the meeting, the Subject Member is said to have denigrated the professionalism and ability of the RFO, with these comments then crossing from the professional to the personal.

The Subject Member is then said to have again raised allegations regarding the Tallships 2023 event safety and financial matters, which have no basis in proven fact, and even after the meeting recommenced the Subject Member continued to berate the Town Clerk and again what she sees a perceived failures in his role as Gold Command for Event Management of Tallships 2023. Further, it is alleged that the Clerk had instigated a cover up of those things, including by the Police and others, and a cover up of financial irregularities. Further, as part of this cover-up, the Subject Member alleged that the Council had paid to receive a national award from the Association of Town Management for the event, another thing that the Council has had to refute, and which damages its reputation.

Even though paragraph 2.1 is one of the most breached paragraphs of the Code of Conduct, it is highly unusual for a member of any Council to make allegations such as those set out above and have nothing to support them.

I have no doubt that a reasonable person viewing the facts objectively would not expect an elected member to conduct themselves in this manner at a meeting. It is fanciful to suggest that, given the number of different agencies who were involved with Tallships, there has been a cover up of any failings by the Clerk, by default the Subject Member is accusing these agencies of being involved in this.

Alongside this there is a need to consider the employment relationship and I cannot see any circumstances in which an employee would expect to be treated in the same manner by their employer as demonstrated by the Subject Member.

Therefore, it is considered that the Subject Member has breached paragraph 2.1 of the Code of Conduct for Falmouth Town Council.

The requirements imposed by paragraph 2.10 of the Code of Conduct state that a member must not conduct themselves in a manner which could reasonably be regarded as bringing their office or the Council into disrepute.

In taking into account all of the facts of this matter, that is the comments at the meeting on 8 July 2024 and the comments on social media, some of which link to the comments made at the meeting, as well as being disrespectful these also can be reasonably regarded as disreputable.

A reasonable person would no doubt expect their local member to challenge the Council when it was appropriate to do so and use quantifiable evidence to support their argument. Rather than do this, the Subject Member has adopted a stance of confrontation by continuing to go back over unfounded allegations and conspiracies in a manner which cannot be one a reasonable person would support.

Due to this conduct it is considered that the Subject Member has brought her office, but not her Council, into disrepute and has therefore breached paragraph 2.10 of the Code.

Having been found in breach of paragraphs 2.1 and 2.10 of the Code of Conduct, it follows that the Subject Member has failed to uphold the high standards of conduct

which are expected of her and because of this the Subject Member has also breached 2.10 of the Code of Conduct for Falmouth Town Council.

### Views of the Independent Person

Having read the screenshots accompanying the Complaint, it would seem that Councillor Young may be using her position to air her views as a critic of Falmouth Town Council and is accused of showing no regard to the Council's Social Media Policies. It is alleged that she has been the subject of previous complaints and has refused to comply with Standards Assessment Notices and stated them to be flawed and biased. She did not attend Code of Conduct refresher training contrary to a Standards Assessment recommendation.

It is alleged that Councillor Young has been disruptive during the Council meeting on 8 July 2024 causing it to be adjourned and at that meeting, and on its resumption, was critical of the RFO and the auditing of Tallships 2023, stating that she also believed there was poor management by the Town Clerk including, inter alia, financial irregularities. She also accused the Town Council of paying to receive a national award for the event. Councillor Young was told that her allegations were untrue and had been addressed in a previous Standards Decision Notice. I note that it would appear that Councillor Young has not provided any evidence to support her comments about any irregularities or mismanagement.

It would appear that Councillor Young has a history of conflict with the Town Council and in Councillor Coley's view has been consistently disruptive and disrespectful to her colleagues. I note that the names of three witnesses have been provided in support of the Complaint.

My note above indicates that the Code of Conduct applies to all members of the Council and that it is the member's responsibility to comply with the Code. I do not believe that Councillor Young has accepted either of those aspects. I have not had the benefit of Councillor Young's response but on the balance of probabilities from what I have read, I feel it is likely that Councillor Young has breached the Code, sections 2.1, 2.5, 2.10 and 2.13 as stated at the head of the Complaint.

#### Summary and Actions

In considering this Complaint, I can find nothing to suggest bullying or political interference as has been suggested by the Subject Member and there is nothing which has been provided in the course of assessing this Complaint that the Clerk has insisted that the Subject Member respond to the Complaint. The Clerk has offered to assist the Subject Member, but this offer was refused.

In assessing this Complaint the consideration was, should an elected member be allowed to challenge the professionalism of officers in public, to make unfunded allegations and do this without anything to support the allegations made.

In adopting the stance of a reasonable person, the way the Subject Member spoke at the meeting on 8 July 2024 breached the Code both from the stance as what was said which was disrespectful on a personal basis and that it breached the trust and confidence that the Subject Member should be working to maintain.

The ability to speak at Committees when a Councillor is not a member of that Committee is not an automatic right, and it is noted that the Standing Orders for the Town Council which were agreed in May 2024, at Standing Order (1)(u) it states that Councillors who are non-committee members can attend and speak at the discretion of the Chair, usually on a matter affecting their ward. They cannot vote.

Given the manner in which the Subject Member chooses to address officers and the disruption this brings to Committee meetings, it is recommended to the Town Council that the rights extended to its members under Standing Order 1(u) are removed from the Subject Member until May 2025.

#### What happens now?

This decision notice is sent to the Complainant, the member against whom the allegation has been made, the Clerk to Falmouth Town Council and a copy placed on Cornwall Council's web site.

#### Right of review

At the written request of the Subject Member the Monitoring Officer can review and, if the review is successful this may result in a change to the finding made in the original assessment.

We must receive a written request from the Subject Member to review this decision within 14 days from the date of this notice, explaining in detail on what grounds the decision should be reviewed. The grounds for requesting a review must be substantive, and a re-submission of the original complaint will not be classed as substantive, and neither will a request that sets out the findings are disagreed with. There must be fresh information in the request which was not considered at assessment which is such that this may result in a different outcome.

If we receive a request for a review, we will write to all the parties mentioned above, notifying them of the request to review the decision.

#### C6043 PRECEPT 2025/26

The Town Mayor requested the Chair of the Finance and General Purposes Committee to present the agreed 2025/26 budget to enable the Council to confirm the 2025/26 precept call which needed to be notified to Cornwall Council. This notification had been delayed from 31<sup>st</sup> December 2024 to allow the Council to further consider its draft budget. The precept would be paid in two instalments on 1<sup>st</sup> April 2025 and 1<sup>st</sup> September 2025.

The Chair of the Finance and General Purposes Committee outlined the process of budget setting through service committees and service leads which had been thorough and considered. She recognised the considerable efforts of the Responsible Financial Officer in preparing the budget recommendation. She referenced inflation and increasing commodities and contractor costs and the Council's commitments to address its low General Fund Reserve balance. The second homes levy income would create an earmarked reserve for renovation works to the Municipal Buildings. The recommendation saw consolidation and resilience for the Council's services. In response to Councillor questions the Responsible Financial Officer advised that it was not fiscally responsible to use general reserves balances as part of budget setting, nor set a budget that would knowingly require the use of reserves.

The Mayor requested that the thanks and recognition of the Council for the efforts of the Responsible Financial Officer be noted.

It was proposed by Councillor Robinson, seconded by Councillor Coley.

**RESOLVED** that the Council confirms the 2025/26 budget and sets its precept for 2025/26 at £3,677,262.79.

A Council Tax Band D equivalent of £444.06 per annum. An increase of 2.97% (£12.82 per annum at band D) over 2024/25.

#### Mayor's Report: March 2025

This has been a busy few months with lots of events and invitations from local groups and organisations. The main event was the Xmas period and this kicked off with the Xmas lights switch on which was very well attended and was a good community event. On 1<sup>st</sup> Dec I attended the Xmas Tree Festival at Princess Pavilion and there was a good turn out, it was a pleasure to thanks all of the community groups involved and this event is going from strength to strength. On 3<sup>rd</sup> Dec I was able to go to St Francis School to give vouchers to the 2 winners of the Xmas Card design competition as both winners were from the same school, they were delighted to have won and we took a few photos with them at the school.

On 5<sup>th</sup> December I went to the Source FM Xmas carol concert and this year I was happy to support the event with a cash donation which allowed the event to proceed, it obviously means a lot to the children who sing on the night and hopefully this event will grow to become a staple of our Xmas calendar. The Festive Weekend planned for the 7<sup>th</sup>/8<sup>th</sup> was cancelled due to predicted bad weather and that weather did turn up and so cancelling was the right thing to do but of course it was disappointing for us all but we can't control the weather.

On 13<sup>th</sup> I attended the Docks as a guest of A+P and heard all about their plans to grow and expand their business to provide more jobs locally. On the 22<sup>nd</sup> I attended the 9 Lessons Service at KCMC and read one of the lessons. This was a special evening for me and it reminded me of when I used to go as a child and for me it is what a real Xmas is all about. It was a lovely community feeling with lots of good cheer.

January is traditionally a quiet time for the Mayor as people get into gear for the new year and events slow down which gives people a time to reflect on both the past year and the new one. However on Jan 10th with the Mayors Secretary, we went to the Falmouth Hotel to talk about the planned Mayors Ball and it was exciting to imagine the event coming together for the end of March. On the 17<sup>th</sup>, I was honoured to take Councillor Geoffrey Evans to lunch at the Greenbank Hotel with a few of his invited guests to thank him for his 50 years of service to the Town, he stands as an example to us all and it was fascinating to hear his stories of the past 50 years and to hear about his friendship with our dear late Queen.

The 23<sup>rd</sup> was spent at a CALC event in Truro Library and the main point of discussion was the potential for local govt reorganisation over the next 5 years. On the 24<sup>th</sup> I went to the Barchester Care Home to celebrate their 3rd anniversary and I enjoyed an afternoon of entertainment tea and cakes and lots of chats with the residents and staff, it is a lovely facility.

The 1st Feb brought a visit from Alison Hernandez PCC who was able to give us an overview of policing locally and to discuss any new resource that may become available to us in the near future. On the 4th Feb with Cllr Clegg we held a Tree Champions Day at the Atherton Suite to welcome some new members and to offer training and updates to all our members to help us support the trees of Falmouth whenever able.

The past few weeks have been spent meeting business owners in the Town to see what their concerns are locally and to drum up support for the Mayors Ball which I hope will be a successful night that will raise money for the Young Generation Theatre Group.

#### **Deputy Mayor Report (Full Council Meeting for 10th March 2025)**

It has been a relatively quiet time since the last Council meeting held in December, However, I have had the opportunity to represent Falmouth Town Council as Deputy Mayor through undertaking the following engagements:

On Wednesday 11th December I along with Cllr Pearce as my consort attended a Band of Brothers presentation ceremony at Pendennis Community Centre, Falmouth Town Council was acknowledged for its support in working with this charity. A Band of Brothers works with young men aged 18-25 who are in the criminal justice system or at risk, helping them to turn their lives around through mentoring. It was very heartening to hear personal accounts of how this organisation had helped them.

The Mayor, Demelza, Val and I presented Cllr Geoffrey Evans MBE the Freedom of Falmouth Award for his services over more than fifty years to the town with a lunch at the Greenbank Hotel, Cllr Evans entertaining anecdotes from his experiences on FTC made for a very enjoyable lunch.

Towards the latter part of January, I attended the relaunch of Newell's Travel agency on the Moor. It was very well attended and the revamp looked amazing.

The Falmouth Marine Band presentation evening took place in February. The money they have raised over the year through events they have performed at has enabled them to support local charities. It was a privilege to be part of this presentation, they were very generous with their time and funds supporting at least ten charities across the town which included sports, veterans and the arts groups. A real sense of community prevailed throughout the evening.

Recently I attended the NALC Parliamentary reception held at the House of Lords with the Town Clerk and Cllr Edwards, Falmouth Town Council had been nominated for three of the five awards, Clerk of the Year, Town of the Year and Sustainability. The nominations recognised Falmouth's achievements that the officers, councillors and the community of Falmouth dedicate to making Falmouth a good place for everyone.

#### Fairtrade Falmouth

Quarterly Report to Falmouth Town Council Meeting 10th March 2025

## Fairtrade Sign welcoming visitors to Falmouth

It is a dream come true to see not one but two **Fairtrade Signs** welcoming visitors to our town. We are extremely grateful to Falmouth Town Cultural Services Committee for funding this project and to Karen Hall, strategic Environmental Officer for seeing this project through. **THANK YOU** so much. It is a very fitting way to celebrate 20 years of Falmouth as a Fairtrade town.

### Fairtrade events in 2025

Our first event this year takes place Saturday 8<sup>th</sup> March. We are looking looking forward to participating in the BENOW Festival - a community festival exploring the culture of women. This 4-day event organised by Falmouth Art Gallery begins Wednesday 4<sup>th</sup> March 2025. We have been invited to take part Saturday 8<sup>th</sup> March in the Council Chambers. We will be highlighting women Fairtrade tea farmers and workers. The Fairtrade team will serve Fairtrade refreshments throughout the day.

If our team members are available, we are happy to take the opportunity to promote Fairtrade at any events happening in the town. Later this year we are planning to have a presence at one of the Parklive events. The Great Big Green Week (7<sup>th</sup> - 15<sup>th</sup> June) is an event that offers Fairtrade Falmouth the opportunity to show Fairtrade's support for climate action. We hope to take part in this event in some way. If the Fun Palace event is taking place later this year, and we are available, we would love to be part of this event too.

#### Celebrating 20 years of Fairtrade in the town of Falmouth

In our November quarterly report we floated the idea of bringing together representatives from local businesses, Falmouth & Penryn university, town councillors and those involved in gaining Fairtrade Town status way back in 2005, to celebrate together this milestone and to say thank you. Is this possible? We have no idea what it takes to organise an event like this nor the cost involved. We have a small balance in our Fairtrade account which enables us to run ongoing events, so it would be difficult for us to make a contribution towards costs but we could look at organising a fundraising event to help towards funding a celebratory event.

<u>Fairtrade Fortnight 2025</u> 22<sup>nd</sup> September - 5<sup>th</sup> October 2025. Fairtrade campaigners will be celebrating the difference we can all make when we choose Fairtrade. There will be a big focus on Fairtrade Tea. The council chambers is an ideal venue for our team to celebrate Fairtrade Fortnight with our supporters. We hope we can have the use of the chambers as usual. We will explore a possible date for the event at our next meeting and will contact the mayor's secretary.

#### Falmouth and Penryn University.

We have enjoyed taking part in Freshers Week over the past few years, and plan to continue this initiative. We would like to repeat the give-away project we ran last year, however, we need to explore ways to fund this.

Further social economic and footfall surveys for three years would be undertaken for the town centre.

The Responsible Financial Officer had inputted inflationary and other cost increases that were known. The second-homes levy would be used to create an Earmarked Reserve to match funding for improvements to the Municipal Buildings, there was also a commitment to gradually reinstate General Fund Reserve levels. This would see an increase of £12.82 per annum at Band D over 2024/25 (2.97%). £8.55 per annum at Band A. #### **APPENDIX I**

#### **16<sup>TH</sup> DECEMBER 2024**

#### 1. Boslowick PA24/08263 Mr Mark Stevenson

(Case Officer: Chloe Britten - Chloe.Britten@cornwall.gov.uk)

Works to Trees covered by a Tree Preservation Order (TPO) – 2 Oaks – To fell. Birch – To fell.

28 Fawkener Close, Falmouth.

Recommend approval as these trees present a danger to persons and property as the oaks are in very poor condition and the birch is liable to failure as it is being undermined by the stream.

#### 2. Boslowick PA24/08939 Mr Paul Rayment

(Case Officer: Chloe Britten - Chloe.Britten@cornwall.gov.uk)

Works to trees subject to a Tree Preservation Order. Works include the felling of two mature Sycamore trees that appear to be in an advance state of decline. Thalassa, 1 Stewart Court, Falmouth.

The two mature Sycamores are in decline and it may be preferable to pollard the trees rather than felling therefore the Council would like to defer that decision to Cornwall Council's Tree Officer for the area.

#### 3. Boslowick PA24/08945 Mr Tim Brettell

#### (Case Officer: Abbie Franklin – Abbie.Franklin@cornwall.gov.uk)

Works to trees subject to a Tree Preservation Order (TPO), works include T1 - Oak - Fell to reduce the risk of damage to property or persons. This tree is within close proximity and leaning towards the building. Replant a tree of the same species as shown on the sketch plan.

MSB Fitness Ltd, 2 Falmouth Business Park, Bickland Water Road, Falmouth.

Recommend refusal as this is a perfectly healthy Oak, there is no evidence of any ground movement or anything else that suggests that the tree may fall on the building. The tree is growing at a slight angle, this is caused by a smaller Oak growing from its base. The Council does not support the application to fell the large Oak, but can see reason to fell the small one growing from the base'.

#### 4. Penwerris PA24/08958 Mr Luck

(Case Officer: Chloe Britten - Chloe.Britten@cornwall.gov.uk)

Works to Trees within a Conservation Area (TCA) – Felling of Cypress tree T1. 17 Stratton Terrace, Falmouth.

Recommend approval as the Cypress has been poorly pruned in the past resulting in multi stems liable to failure in the near future. It is not an appropriate tree for the position and it severely impacts light to the property.

#### 5. Penwerris PA24/09038 Madeline Foreman

(Case Officer: Mark Ball – Mark.Ball@cornwall.gov.uk)

Works to trees in a conservation area (CA), works include T1 - 1x medium sized plum – reduce height to approx. 3m, and reduce spread to 1m laterally to all aspects. 30 Dunstanville Terrace, Falmouth.

Recommend approval as this little plum tree has no public amenity value and it requires pruning due to it being so close to both the garden wall and a property.

#### 6. Penwerris PA24/09047 Mr Leslie McCune

(Case Officer: Abbie Franklin – Abbie.Franklin@cornwall.gov.uk)

Works to trees in a conservation area (CA), works include reducing and shaping one Copper Beech (T1) and one Holly (T2).

St Annes, 5 North Parade, Falmouth.

Recommend approval as this is repeated formative pruning that will allow both trees to exist in their constructed location.

## 7. Arwenack PA24/09103 Elephant Walk Properties

(Case Officer: Chloe Britten – Chloe.Britten@cornwall.gov.uk)

Works to Tree within a Conservation Area (TCA) - The proposal is to carry out pruning works to 1 large Bay tree (T1) situated in the rear garden of 37 Woodlane. Flat 1, 37 Woodlane, Falmouth

Recommend approval as the Bay tree is very close to the property therefore the pruning works are acceptable.

#### 8. Arwenack PA24/09112 Kevin Lavery

(Case Officer: Mark Webb – Mark.Webb@cornwall.gov.uk)

Replacement of the rotten, first floor projecting bay window.

1 Florence Place, Falmouth.

Recommend Approval.

## 9. Arwenack PA24/09192 Mrs Doughty

Pop Up Sites Tender: Gyllyngvase Coach Park, Falmouth

Members duly noted that from 20th December 2024 Cornwall Council will be seeking interest in new commercial concessions for traders and the following site is being tendered, on the open market, for traders who would like to rent a dedicated area of Council-owned land at Pop Up Site at Gyllyngvase Coach Park, Falmouth. The tenders will be for either 1 or 2 years and will commence on 5th April 2025. The aim of this scheme is to encourage more users to Cornwall Council's assets, provide

opportunities for new and existing businesses to trade without being tied into long-term leases and to raise funds to help protect and maintain Cornwall's open spaces.

It was further noted and unanimously agreed that Falmouth is already over run with pop up sites and a further site would be detrimental to the environment. It was agreed that the Chair in consultation with the Town Clerk to write to Cornwall Council opposing the proposals.

### APPENDIX I 3<sup>RD</sup> FEBRUARY 2025

#### 1. Arwenack PA24/08974 Mr Richard Milner

#### (Case Officer: Mark Webb – Mark.Webb@cornwall.gov.uk)

Works to a tree subject to a Tree Preservation Order for Hornbeam (T1) - to prune tree, taking out any dead or damaged wood, and reduce as shown in accompanying photo. The tree grows at an angle and the proposed works are intended to prevent the tree becoming overly top-heavy and unsafe, as well as to reduce the proximity of branches growing towards the house.

61 Pengarth Rise, Falmouth.

Recommend refusal as the tree appears to be in a healthy condition with the lean caused by it being planted at the base of the wall and it has therefore grown in the direction of its light source and upon reaching the top of the wall it has straightened itself out. Furthermore the canopy pruning is excessive due to its distance from the house. The Council would be more minded to approve the removal of the very lowest limb and a much less vigorous reduction.

#### 2. Arwenack PA25/09757 Mr & Mrs David & Pat Lord

(Case Officer: Helen Trebilcock - Helen. Trebilcock@cornwall.gov.uk)

Proposed garage replacement.

Falness, 4 Castle Drive, Falmouth.

Recommend Approval.

#### 3. Boslowick PA24/09767 Mrs Amelia White

(Case Officer: Chloe.Britten@cornwall.gov.uk)

New proposed front porch.

Millefleurs House, Boslowick Road, Falmouth.

Recommend Approval.

#### 4. Arwenack PA25/00092 Mr Martin Rowe

#### (Case Officer: Chloe Britten - Chloe.Britten@cornwall.gov.uk)

Works to trees in a conservation area (CA), works include prune 4 trees: T1 - an Oak in the middle of the rear lawn T2 - a Holm Oak in the SW corner of the rear garden T3 - a Laurel growing adjacent to and intermingled with the crown of T2 T4 - a Leylandii growing closely adjacent to T2 and T3.

11 Boscawen Road, Falmouth.

For Information Only.

## 5. Boslowick PA25/00231 David Floyd Turners Parks Group

(Case Officer: Chloe Britten - Chloe.Britten@cornwall.gov.uk)

Works to trees subject to a Tree Preservation Order - (30) Oak - lowest branches lift above phone/power lines, 5.5 m high, (31) Oak - lowest large branch growing over hone roof, remove, cut back to main stem, (32) Oak - reduce limbs 1.5 - 2m growing towards gardens and (33) Oak - lift crown to 5.5 and reduce lateral growth 2m over road.

Twinbrook Park, Goldenbank, Falmouth.

Recommend approval as the lower branches are already being damaged by high vehicles.

### 6. Boslowick PA25/00238 Mrs Moira Mottram

(Case Officer: Chloe Britten – Chloe.Britten@cornwall.gov.uk)

Works to trees subject to a Tree Preservation Order - crown raise T1 (Turkey Oak) to approximately 4.5m height and reduce the extensive crown in southern quadrant only from 13m to 9.5m.

12 Trenoweth Road, Falmouth.

Recommend Refusal as this Oak tree is one of the finest examples of its kind in Falmouth. A reduction of 3.5m in the direction of 12 Trenoweth Road is excessive and would have a negative impact on the trees appearance. The Council would be more minded to approve a less vigorous reduction including removal of ivy growing in the tree which may help increase light levels.

#### 7. Arwenack PA25/00286 Bruce Pike

(Case Officer: Chloe Britten – Chloe.Britten@cornwall.gov.uk)

Works to Tree within a Conservation Area (TCA) - T1 - Large canary palm - Remove all foliage.

First Floor Flat 36-37 Church Street, Falmouth.

For Information Only.

#### 8. Arwenack PA25/0326 Mr Mark Bolt

#### (Case Officer: Chloe Britten – Chloe.Britten@cornwall.gov.uk)

Listed building consent for removal of staircase linking the first floor to the loft room and replacement with a lighter structure, also enabling the re-opening of an existing doorway to the first floor front reception room.

19 Wodehouse Terrace, Falmouth.

Recommend Approval.

#### APPENDIX II

#### 1. Arwenack PA25/00019 Mr W Choudhry

(Case Officer: Abbie Franklin – Abbie.Franklin@cornwall.gov.uk)

Construction of ground and first floor extensions and alterations. Shirena, Minnie Place, Falmouth.

Recommend refusal as the property is in the Conservation Area, and Character Area 5 'The Terraced Suburbs'. Neighbourhood Development Plan Design Policies DG3 and DG7 apply. The extension takes up all the property's open space and is unneighbourly in terms of loss of light and overbearing. The large and bulky extension is over development and will result in overlooking issues. If the proposed green roof is used as a 'garden', then the overlooking problem will be exacerbated. The large north-facing window overlooks the narrow space next to 16 Wodehouse Terrace's garden, and will affect their privacy. The proposal with its large scale and massing fails to meet the requirements of Neighbourhood Development Plan Policy DG3.

#### 2. Penwerris PA24/09593 Mr Richard Liebowitz

(Case Officer: Mark Webb – Mark.Webb@cornwall.gov.uk)

Proposed construction of loft conversion with raised ridge height, dormer window additions to front and rear of property, replacement roof and associated works.

13 Erisey Terrace, Falmouth.

Recommend refusal as the rear extension design is over bearing and intrusive and will result in loss of light which is un-neighbourly and harmful to neighbours. The front elevations were considered acceptable.

#### 3. Arwenack PA24/09524 Ms Judith Goodchild

(Case Officer: Mark Webb – Mark.Webb@cornwall.gov.uk) Change of use from hostel to residential dwelling.

#### **Events**

Christmas Lights Switch-On

This all went smoothly and well done to the primary schools and other performers in attendance. I would like to personally thank my team and all that supported on the evening. Whilst there was some rain it did not dampen people's spirits and there was a great atmosphere.

#### Christmas Tree Festival

This all went ahead and was well received, despite some high winds on the opening weekend and also continuing later in the month it was well attended. Well done for Nicola for taking this on and the first time of being involved.

#### Falmouth's Festive Weekend

As you all know sadly, we had to cancel this which was a real shame due to the effort and planning that is involved. It also gives a very positive uplift in the town not just from a business perspective but also for the community. Having said all of that it was totally the correct decision as safety is obviously paramount. We certainly were not alone across the country in having to cancel with multiple venues and locations also cancelling due to the storm.

#### Harmony Choir Christmas Eve

I was not in attendance for this event due to being unwell however the team all managed it professionally and it is great to see more and more as the skill set is widened and knowledge is expanded. As I am taking on more of a strategic role within the council so it all helps with the succession planning.

One of the social posts that Hayley uploaded from Church Corner of 'Cornwall my Home' has been viewed more than 1.4million times which shows the draw and the appeal.

Looking ahead during the year, below is currently what is being worked on so far:

#### 1) St Piran's Day

This is an event that we organise the traffic management/safety, not the actual event itself.

#### 2) St Nazaire

This will follow the usual format with the service on the pier.

#### 3) VE Day 8<sup>th</sup> May

Detail is still to be decided on this yet. It is during local elections, so it is important that this is achievable and realistic but still recognising the very important date in history. Also to note it is same day as Helston Flora so need to very mindful of resources. Several people have suggested using Kimberley Park.

#### 4) Shanty Festival

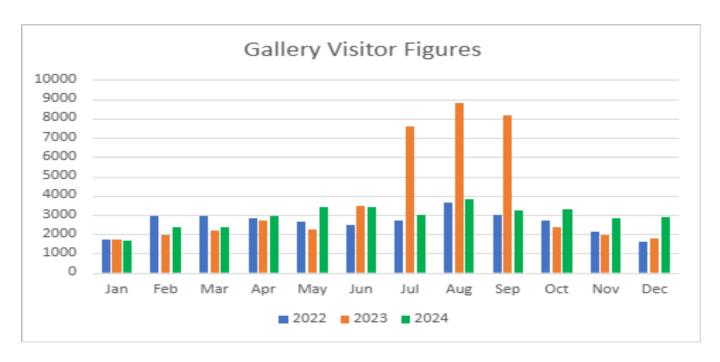

Lots of work has already progressed with this due to the complexity of venues and groups who would like to take part. There will also be a 'Shanty Fundraiser' at the National Maritime Museum' on Sat 1<sup>st</sup> March, tickets £10 plus booking fee. There will be a bar/stage set-up for the four groups performing so do share far and wide. www.falmouthseashanty.co.uk has the details or the direct link to tickets is below:

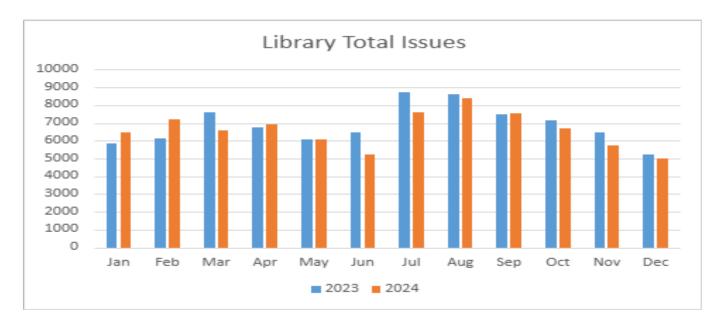

https://www.seetickets.com/event/falmouth-sea-shanty-fundraiser/national-maritime-museum-cornwall/3254982

#### 5) Falmouth Week

Early days for this and more detail in the coming months including the evening entertainment being announced earlier than previous years.

Part 1

#### **Key Attendance Points**

- Gallery attendance is 6% up on 2022 (last year without blockbuster exhibition) with a notable increase on autumn/winter attendance vs 2023. Three of four quarters are busier than in 2022, the quietest period being January-March
- The library has seen a 4% year-on-year decrease in borrowing and a 4% increase in newly registered borrowers.

#### **Activity Report**

- The Gallery's open exhibition, *Imagine* Falmouth is closing on the 18<sup>th</sup> January, and has been very popular with visitors. The people's choice prize vote has now closed and the winner has been announced.
- The whole Municipal Building was taken over on 9<sup>th</sup> November by a *Fun Palace*, organised by the Gallery learning assistant. Almost 500 people visited throughout the day and enjoyed activities and stalls from a host of community groups, including Source Radio, Fairtrade Falmouth, Cornwall Film Festival Ocean Conservation Trust, and many more. Cultural Services staff held a consultation to gather public feedback on the Municipal Building and what developments they would like to see. A verbal summary will be given to Councillors at the committee meeting.
- The Gallery and Library's Christmas activities were very popular with visitors, and despite
  the inclement weather over the Council's festive weekend, the Gallery still attracted almost
  100 visitors. The Library hosted an additional Grotto at short notice for Miracle Theatre
  following the cancellation of the festive weekend. Once again thanks go to Cllr Steve Eva for
  his special contribution to the festivities.
- Work is continuing in the Municipal Building to address the water ingress and penetrating damp in the landing office.

#### **Facilities Manager Update:**

#### 1. Re-Source Project : Kimberley Park Lodge

Construction works have continued in the period including timber structures for the two flat roofs which incorporated boarding for the insulation in readiness for the flat roofing contractor to commence activity in January. Other works included completion of secondary blockwork to high level windows in readiness for the timber frame system in that area. Key milestones for January will include completion of all roof coverings and installation of windows. Project remains on programme and budget. Electrical first fix specification is under review with Source FM ensuring that the electrical installation design aligns with user expectation and system compatability. Our further funding application (£53k) to the Good Growth: SPF Year 4 continuation was unsuccessful as funds were limited to existing projects.

Arts Council Supporting Grass Roots Music application was submitted on the 3rd December (£43k) for further training budget related to the recording studio. Decision relating to this application is anticipated in February.

(Site progress photos are attached)

#### 2. Municipal Building: Improvement Works

The original planning decision date (26th December) has been extended in order for further reviews of the proposed parapet leadwork detail to be agreed with the Architect (Historic England) and the Conservation Officer. The revised decision date is 31st January. It is likely that further conditions will be attached to the consent which will require site reviews once scaffold is in place (mortar samples). Conversations and correspondance with the Conservation Officer are ongoing and remain positive. The damp monitoring regime to analyse water ingress in the F/F office area is ongoing and is now supported with thermal camera surveys to establish causes of general deteriation in the render and stonework as well as internal humitity levels. The results of this analysis will detail the required refurbishment specification of this room which following related works will enable reoccupation and a baseline for further extensive building repairs.

#### 3. Princess Pavilion

Community Ownership Funding (£238k) works programme:

Solar panel installation – completed in December

Low Carbon Heating Solution – heat pump installation commences 6th January.

Garden room floor refurbishment – commences January

Replacement entrance doors to garden room – commences mid February.

Sound – mixing console specified.

Lighting – enhanced scheme specified.

#### 4. Gyllyngvase Toilets – Gender separation option appraisal

RTP Surveyors carried out a review of the potential alterations required in order to provide separate single sex provision within the existing premises. (Report attached 16.12.24)

The option to separate by internal partition the current arrangements is possible and "does not make such provision no less satisfactory than before the works are carried out.".

Proposed internal reconfiguration works towards achievement of Building Regulations 2010 / Part T Approved Document (ADT) Plan C. Considerations related to the progression of works:

#### Pros:

- Revised layout ensures privacy of female users and supports some views relating to safety whilst using wash facilities.
- Provides compliance towards Part T Approved Document (ADT) although not ideal for modern facilities of the size and scope needed in this location
- Provides interim solution prior to further strategic site facility plan.

#### Cons:

- Budgetary exposure (circa £45k) not currently identified in draft budget as significant service requirement.
- Male toilet provision reduced to 1 No urinal / 2 No cubicles for beach users.
   This will present significant issues in peak summer (queues / dissastisfaction)
- No gender neutral option. Change of disabled unit to incorporate this may also marginalise disabled users and potentially limit availabilty.

The Council has further received a related informal approach from Gyllyngvase Surf Life Saving Club who currently share the premises and are aware of the increased useage requirements of the site.

The enquiry relates to a proposal to progress a re-design / development of the current building in order to provide increased capacity for the club as well as designed increased and compliant toilet provision for FTC. Discussions are at an early stage but the club are keen to progress an initial conceptual proposal for committee review. Opportunites relating to grant funding will also form part of the proposal based upon the club's charitable status.

The increasing year round beach activity and related community expectations will be key factors in ensuring that the building is fit for purpose for future years to come. It is proposed that the decision on any interim refurbishment of the toilets is deferred until a comprehensive strategic review of the site is completed with related freehold transfer timelines from CC.

#### 5. Pendennis Car Park

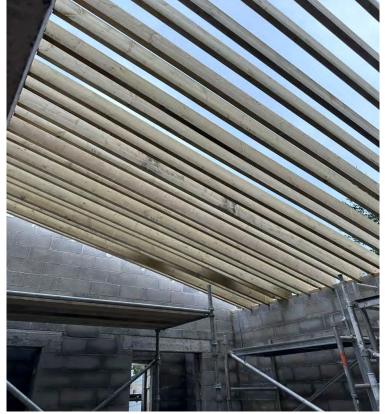

A formal application has been registered for Scheduled Monument Consent to Historic England for the resurfacing of the lower car park with Environpave environmentally recycled sustainable parking pavers. Approval it is anticipated in late January with works progressing in late February with the successful surfacing contractor (CORMAC).

Dear Mr Medlin

Re: Public Conveniences at Gyllyngvase Beach, Falmouth, Cornwall – Review of potential alterations for compliance with Building Regulations single-sex provision

I refer to the above and my inspection of the property on 16 December.

The purpose of examination/inspection was to review the existing provision and configuration of the current universal toilet provision and offer advice on the feasibility of potential alterations to achieve compliant single-sex facilities. This advice is given for temporary solutions to the existing public dissatisfaction with the combined facilities and in the context of longer-term plans to convert or develop the spaces with adjacent occupiers (this would consider new facilities).

#### **DESCRIPTION**

The accommodation comprises a single storey building with one accessible WC near the existing main entrance, 10 No. universal toilet cubicles and a shared wash-hand-basin space with two wash/dry units. The South-West part of the building has been allocated to Gylly SLSC (surfing club) for their onward use. This is separated from the existing public toilet space.

#### **CONSTRUCTION**

The building is of rendered masonry external walls, with a tiled pitched roof on timber trusses.

#### LIMITATIONS OF INSPECTION

We have only inspected the property for the purposes of examination of the feasibility of potential single-sex facilities provision. No services details or testing information or asbestos reports have been provided at this outline stage. For detailed design, such input would be required in order to develop designed solutions and seek appropriate Planning and Building Control Approvals.

Robert J Portman BSc (Hons) MRICS

This report does not consider the detailed condition of any element of the building, nor the appliances contained within it. No consideration of the utilities or services has been undertaken. Any lack of comment about the condition of any part of the building or facilities should not be taken as approval of what is there, but merely an indication of the key focus being to enable single-sex facilities, as opposed to shared toilets.

#### **FINDINGS**

The Building Regulations 2010 had a new Part T Approved Document (ADT) published during 2024. This gives guidance on requirements for toilet accommodation in non-domestic buildings. One of the main requirements is that any alterations in existing buildings should not make such provision no less satisfactory than before the works are carried out. One of the key principles is that where fully enclosed universal toilets are provided, hand washing should not be in shared spaces, but instead in either single-sex spaces or in the individual toilet cubicles.

The existing provision at Gyllyngvase Beach does not comply with these requirements. Currently, the wash-hand basin area is a shared space and not single-sex. There are two wash and dry units in this space and little opportunity to separate them into two single-sex spaces without losing comfortable space around each unit and access to the window in this area.

The current universal cubicles have a usable space of 950mm by 1600mm. This does not mean current requirements for universal toilets, which in ADT could be either plan A at 985mm by 2125mm or a plan B arrangement in a cubicle of 1050mm by 1685mm. Both of these options usually incorporate wash-hand-basins and drying facilities in each cubicle, to enable privacy.

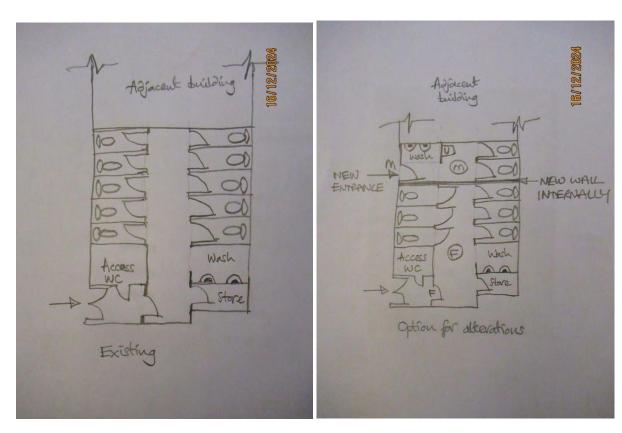

The current cubicles could meet one of the single-sex arrangements in ADT, for plan C at 920mm by 1465mm with a 750mm door (without hand washing facilities). The plan D option would not be possible as the cubicles are not long enough. Plan C specification is for ambulant single-sex toilet cubicles, as long as appliances such as grab rails are also provided (ADT details the equipment required). However, for ambulant access, the door would usually be outward opening, and the current doors open inwards. The current provision in each cubicle therefore falls short of the minimum column of clearance needed for ease of access between the leading edge of the toilet seat and the door. Doors could be re-hung to open outwards to resolve this, as long as care was taken to stagger the doors (to avoid clashing in the corridor) or the doors could be made narrower for some cubicles so that these were 650mm inward opening and therefore more in line with standard single-sex cubicles (Type D). This would be a compromise and not full compliance. In the female section of the facilities, it may be best to have some retained as inward opening with smaller doors to 3 No. cubicles, with those opposite being more reflective of an ambulant design with outward opening doors in the current size.

In order to achieve single-sex compliance, or work towards that, separate entrances would be needed for male and female. If the existing Public Convenience entrance were retained at the North-East corner of the building, and the internal door after the accessible toilet re-used as a female entrance, then a new opening would be needed at the other end of the facilities to enable a male entrance to be introduced. This could be introduced at the South-West end of the building, where the last two beach-facing toilet cubicles would need to be removed,

and a new entrance lobby created. A full height dividing wall between male and female facilities would be needed in line with the new entrance lobby. With careful screen positioning internally, the two rear toilet cubicles could be retained in the male section and a small hand wash area and a urinal placed behind the screen, still allowing space to enter the cubicles. There is not sufficient space to include two urinals, allow 800mm between them, with screens, and then enable a wash-hand area to be installed. The two male cubicles would need to have their inward opening doors retained, in order to avoid clashes with those using the new lobby and wash-hand area. This is not a model solution, as an ambulant facility should ideally be provided. The female facilities would then incorporate 6 No. toilet cubicles and the current wash-hand space (which has two wash/dry units) and if half of the female toilets met ambulant needs this would be a good improvement.

An outline sketch of the existing and potential new configuration could be as follows:

It must be noted that the existing condition of facilities was not reviewed in detail as part of this work (being outside of the brief), but the photographic records show worn finishes internally and broken/missing vents in the window units. Allowance for replacement of vents and repair of finishes should be addressed if funds permit during the alteration works.

#### **CONCLUSION**

The above review has not included Part M of the Building Regulations, as no access was available to enter into the accessible WC. This needs to be reviewed along with any other alterations and improvements, such as baby changing facilities and changing places. There does not appear to be space within the current building to enable these to be provided, and therefore extensions or modern new facilities, would enable these additional requirements to be addressed.

As part of the above alteration option, the following works would need to be included in any budgeting, as well as repairs of existing appliances and finishes:

- Refurbishment Asbestos Survey
- Services and drainage tests/certification
- Construction of new internal separating wall (to divide male and female facilities)
- Removal of 2 No. toilets, and cubicle walls/fittings, including adjustments to plumbing and drainage
- Supply and fitting of 2 No. wash and dry units, including water supplies and drainage
- Supply and fitting of 1 No. urinal, including water supply and drainage
- Creation of opening in external wall (for the male entrance)
- Supply and fit new external door and internal screen
- Adjustments to female cubicle doors (re-hanging 3 No.)
- Supply and fit additional grab rails and equipment for ambulant access needs in 3 No. female cubicles
- Supply and fit 3 No. smaller cubicle doors in female space
- Improvements to accessible toilet provision
- Supply and fit new signage.

Whilst an accurate assessment of cost cannot be made without additional information, a budget estimate could be given for the above works in the region of £35,000 to £45,000 plus VAT. A more certain costing could be obtained from seeking quotes from builders, following some clarification on specification details and water/drainage runs.

In order to progress the design of the alterations, due consideration would be needed for Planning requirements (this is in a Conservation Area), as well as formal compliance with Building Regulations via Applications to Cornwall Council. RTP would be pleased to assist with this work and can provide a fee proposal upon request.

## **Environmental progress in 2024**

Falmouth Town Council has committed to becoming carbon neutral by 2030, in line with Cornwall Council's sustainability targets. Our holistic approach encompasses energy efficiency, waste management, water conservation, ocean recovery and community engagement. Through these initiatives, we strive to reduce our carbon footprint and inspire both residents and businesses to embrace sustainable practices.

We were recognised in the Cornwall Sustainability Awards in December with a Judge's Commendation in the most sustainable organisation – large category. The Council is also a finalist in the NALC awards for Climate Response category.

## **Decarbonisation:**

We published the second Carbon Audit which forms the backbone of the Decarbonisation Strategy which was adopted by Full Council in June.

We have made significant strides in reducing energy consumption, enhancing energy efficiency, and generating power from renewable sources. Our initiatives in2024 included:

- Installing solar panels at the Princess Pavilion
- Commissioning low-carbon heating installation at Princess Pavilion (installation in Jan 2025)
- Purchasing an all-electric lawn mower for our gardening team
- Initiating a rolling programme to upgrade library lighting to LED
- Implementing timed switch-off mechanisms for lights and electrical appliances
- Transitioning Falmouth Town Council's energy supply to 100% renewable energy
- Conducting a decarbonisation feasibility study for our Passmore Edwards Municipal building
- Introducing a bike-to-work scheme for employees
- Our Procurement Policy includes reference to our consideration of location as part of the bidding process

#### Waste:

- Partnering with South West Bars, our event supplier, to develop a sustainability policy for events, including Falmouth Week, focusing on food, waste management, and energy efficiency.
- Organising 'Love Where You Live' litter picks, engaging over 90 participants, including local secondary school students, to connect waste management with environmental health.

- Encouraging community groups to recruit volunteers through our local website, 'Love Falmouth Volunteer,' which has successfully brought new volunteers to several environmental organisations.
- The monthly Falmouth & Penryn Repair Café is run out of one of our buildings the Princess Pavilion

## Water:

- Continued to engage with South West Water around their plans for the reduction in spills across Falmouth by 2028
- Investigating the reinstatement of a non-operational stormwater tank at the Princess Pavilion.

## **Biodiversity:**

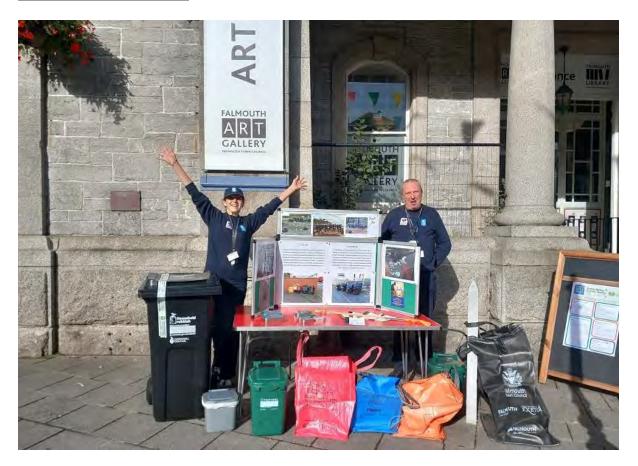

- Managing natural habitats in the Victorian Cemetery and Pendennis headland to conserve, and promote biodiversity
- Replacing traditional shrubs with wildlife-friendly plants in three borders of the new Falmouth cemetery
- Yellow rattle trial on small section in the Victorian Cemetery working with volunteer group
- Engaged with Nature Recovery team at Cornwall Council and will monitor impact of the new 30 by 30 strategy

## **Ocean Recovery**

- Installed 'We are the Ocean' banners at Grove Place in conjunction with University of Exeter's worldwide campaign 'We are the possible'
- Funding for interpretation panels at Falmouth Harbour to celebrate new marine habitats
- Securing external funding for MarketSetBot race markers for the POFSA sailing event during Falmouth Week reducing the impact on our seabed

## **Community Participation:**

- A Carbon Reduction event organised by the Rotary Club, subsidised by the council, which showcased strategies for reducing energy consumption
- A "Green Week" at our Municipal Building featuring 11 sessions led by local groups on sustainable living topics, including fair trade and energy-saving tips
- Facilitating partnerships with local organisations to create volunteering opportunities via our Volunteer portal
- Hands-on projects for students from Falmouth Marine School, including pond clearance at Kimberley Park and a partnership with Cornwall Wildlife Trust to manage Swanvale Nature Reserve.

## **ASSESSMENT DECISION NOTICE**

## A BREACH OF THE CODE HAS BEEN FOUND

## **ACTION REQUIRED**

Reference: CCN102/24/25

Complainant: Mr J Healey – On behalf of Healeys Cornwall

Subject Member: Councillor Z Young, Falmouth Town Council

Person conducting the Assessment:

**Simon Mansell, Group Manager - Assurance** 

Date of Assessment: 23 January 2025

## Assessment of the Complaint

#### Decision and Action

That for the reasons set out in this Notice there has been a breach of the Code of Conduct.

As no attempt has been made to remedy the breach by the Subject Member, the Subject Member should apologise to the Company in writing for the post made on social media which is referred to in this assessment. If this is not done then it is recommended to the Town Council that the Subject Member be censured.

## **Complaint**

The Complainant has set out the following;

'As a tenant of Cornwall Council, I wish to make a formal complaint with regards to the conduct, libel and slanderous claims made publicly, by a councillor, against our business.

We are a tenant of Cornwall Council. We have a lease with the council which explicitly gives us commercial rights to Gyllygnvase beach.

As part of this lease, we are required to manage the many requests for events on the beach, ensuring H&S/risk assessments etc etc, together with insuring the activity and carrying the liability. There is nothing new here, this has long been the case at Gylly. Please see link here https://www.gyllybeach.com/location-beach-hire

Councillor Young, has, however, decided to vilify us for exercising our rights. Using terms like 'piracy' is wholly unacceptable and gives across the impression that we are acting out of line, especially as this is coming from an 'official looking' person with the term 'councillor' in her name. It is purely done to illicit a negative response on what has been a long-standing right that pre-existed our involvement. There are members of the community that have now been given the (wrong) impression that we are trying to take advantage of the beach and do something we are not allowed to do. This will have damaged our relationship with the local community.

Please see attached to this email confirmation from the town clerk that we are acting within our rights, and in accordance with our lease.

We therefore find the antagonistic and slanderous post by Councillor Young wholly inappropriate and request this is urgently investigated'.

In support of the complaint the Complainant has provided a copy of the online post which was made by the Subject Member, a copy of the Lease held with regards to the use of the beach and an email from the Clerk to the Town Council which sets out that the Complainants Company were acting within their rights.

#### The Response from the Subject Member

No response has been received from the Subject Member.

## Views of the Independent Person

Having reviewed the social media posting it is my view that the post was written by Cllr Young, confirmed in conversation, and she had written the comments in her capacity as a Councillor. Therefore, the Code of conduct applies to her actions.

Having read the contract of lease, provided by Healeys, and the lack of clarity from Cllr Young on substantive and justifiable reasons supporting her claims for Piracy. It is my view that she was disrespectful in her unfounded claim and use of the term Piracy when conveying her concerns about the actions of the Lease holder, Healeys.

In my view it portrays the Lease holder in a poor light and conveys a very negative and inaccurate message to those members of the public who may have read her social media post.

It is my view that Cllr Young is in breach of paragraph 2.1 of the Code and as her conduct falls below that required, she is also in breach of paragraph 2.5 of the Code by failing to promote high standards of conduct. As a result, it is also my view that Cllr Young is also in breach of paragraph 2.10 bringing her office into disrepute.

## Application of the Code of Conduct

In considering the complaint as made I am satisfied that the Subject Member was acting in their official capacity at the time of the alleged conduct and therefore was bound by the Code of Conduct.

As with all ethical standards complaints this is assessed against the Code of Conduct adopted by the Council and the procedures for assessing complaints adopted by Cornwall Council. The information provided is assessed on the balance of probabilities this is, would a reasonable person objectively considering of all the facts be of the view it is more likely than not that the actions of the Subject Member amount to a breach of the Code of Conduct.

#### Consideration of the Facts

It is noted that the Complainant is of the opinion that the post by the Subject Member is both slander and libel. This process only considers the complaint against the Code of Conduct and does not consider if any of the actions of any member are either slander or libel. Should the Complainant wish to pursue this he is advised to seek his own legal advice.

In considering the complaint against the Code of Conduct the starting point is the post made by the Subject Member which is done in her name as a Councillor for Arwenack Ward.

The initial post does not name the company directly but does name the beach and states;

'It is unacceptable piracy that private company should attempt to charge for a publicly managed beach'.

Countering this the Complainant has said that the Lease allows them to use the beach for commercial purposes and, in the fifth schedule to the Lease which is subtitled 'Beach Rights' at paragraph 1 the Lease sets out that the Company does have the 'Sole and exclusive rights to carry out upon the beach any trade or business....'

In the email from the Clerk to the Council, which is mentioned by the Complainant the Clerk states; 'The Council recognises your ownership and the activities that can and cannot be undertaken regarding the lease of the beach area from Cornwall Council.'

As part of the assessment of this matter I have looked at the original post which remains online, and within the thread the Subject Member names the Company as the leaseholder of the beach. There are 118 reactions to the post and 104 comments. Whilst some of the comments do object to that is referred to as a 'local Councillor appearing to stir things up rather than presenting the facts' the majority follow the lead of the post by the Subject Member and are negative towards to the company.

It is concerning that the Subject Member posted on social media in this manner. In this it is accepted that in the initial posting an error could have been made however, the post was made on 15 December 2025, and there have been no attempts by the Subject Member to correct it even though, though this process she will have been aware of the lease and the rights of the Company from the beginning of January and this includes the views of the clerk to the Town Council.

This and the original posting show a lack of respect for both the Company and the legal status of the lease. The Subject Member may wish to challenge the lease, which is her right, either as a member or as a private individual however, in doing so she needs to be factual and the key fact is that the Company cannot be engaged in piracy, if they are legally allowed to do something.

I also note the number of people expressing their concern about the actions undertaken by the Company. However, without a clear steer from the Subject Member on the legal rights of the Company, they would not be able to make a challenge if they wanted to. Members of the public would, as a minimum, expect that if an elected member was mounting a challenge to anything they would do so in a way that was based on fact, not by a misleading statement.

As a result of the above I consider that the Subject Member has breached 2.1, and 2.10 of the Code of Conduct as her actions show a lack of respect for the Company and she has brought her office but not her authority into disrepute. I also consider that through her actions the Subject Member has failed to uphold high standards of conduct and has breached 2.5 of the Code of Conduct.

## Summary and Actions

A Councillor can, if they wish, challenge and become involved with local matters if they consider there are inequities but in doing this the approach is fact based and, as is set out above, when errors occur as they inevitably do, then these are corrected.

A particular concern is that, despite being aware of the facts the Subject Member has not sought to amend her posting, leaving those reading the post that the Company is engaged, in the opinion of the subject Member, in piracy.

As no attempt has been made to remedy the breach by the Subject Member, the Subject Member should apologise to the Company in writing for the post. If this is not done, then it is recommended to the Town Council that the Subject Member be censured.

The Subject Member is also advised to either amend or to remove the original posting made on social media, though it is accepted that this process cannot impose a sanction if this is not done.

#### What happens now?

This decision notice is sent to the Complainant, the member against whom the allegation has been made, the Clerk to Falmouth Town Council and a copy placed on Cornwall Council web site.

## Right of Review

At the written request of the Subject Member the Monitoring Officer can review and, if the review is successful this may result in a change to the finding made in the original assessment.

We must receive a written request from the Subject Member to review this decision within 14 days from the date of this notice, explaining in detail on what grounds the decision should be reviewed.

The grounds for requesting a review must be substantive, and a re-submission of the original complaint will not be classed as substantive, and neither will a request that sets out the findings are disagreed with. There must be fresh information in the request which was not considered at assessment which is such that this may result in a different outcome.

If we receive a request for a review, we will write to all the parties mentioned above, notifying them of the request to review the decision.

If you have difficulty reading this notice we can make reasonable adjustments to assist you, in line with the requirements of the Equality Act 2010.

# **Town Management Report to Falmouth Town Council 10/03/25**

#### **SAFE & SECURE**

As per usual I keep Safe & Secure as a topic as part of this report. Many issues have been overcome with ASB over the last few months but as always there is still lots to do. We have seen a marked improvement around the Moor but at a recent traders meeting there have been many challenges particularly in Market Street. I would like to thank everyone for their efforts (Police, ASB CC team, TC staff, CCTV operators, Street Rangers, traders with comms and DISC usage etc).

Street Rangers have very recently undertaken CSAS training and all of above has been fed into a recent meeting with the Police and Crime Commissioner to highlight our concerns and comments.

With the weather improving and days getting longer everything will be closely monitored for emerging issue.

#### **TOWN DELIVERY FUND**

As mentioned on the previous report this has further developed, and grants are now starting to be paid to the various businesses that applied. It has been very well received.

## **BOLLARD WORKS & COMMS**

The Town Team have made sure working closely with the Rangers and also Cornwall Council/Cormac that detailed comms have gone out to the town. This was electronically as well as hand delivered to all businesses within Market Street/Church Street and Arwenack Street. The Town Team were very mindful that clear comms must sent to all businesses and residents in advance, and this would not have happened if the works took place in October as first planned.

While these works are always going to be challenging due to the location, for the vast majority of the time deliveries/shuttle bus/residents etc have been maintained via the temporary road. This was not due to be the case but something we pushed for to make town operations a bit smoother during the works.

#### **SEA SHANTY FUNDRAISER**

This annual event takes place on Sat 1<sup>st</sup> March to raise money for the main festival in June. There will be more detail in the next Cultural Services report but it is a 'sell out' for the evening at the National Maritime Museum which is great news.

#### ATCM CONFERENCE

Richard Wilcox and I recently attended a national conference in London for the Association of Town City Management. We were asked to present the Falmouth 'case study' of how we work together and the effective partnership that has been established between Falmouth Town Council and Falmouth BID over the years. It is important to highlight that we are not the 'norm' and many towns and cities are keen to understand how we have such an effective partnership. Apparently our talk was inspiring!!

## CILCA QUALIFICATION

The Certificate of Local Council Administration qualification that I have been undertaking is almost complete. A little more to do over the next couple of months and it should be signed off. The Town Clerk has this qualification and is required for the council to maintain the General Power of Competence.

#### **FALMOUTH TOWN COUNCIL**

#### **10<sup>TH</sup> MARCH 2025**

#### **TOWN CLERK'S REPORT - PART I**

#### 1. 2025/26 RESIDENTS LETTER

Attached is Council's Residents' Letter which is required to made available by Cornwall Council as the Council Tax Billing Authority to accompany the publishing of council tax bills.

#### 2. ELECTIONS - 1<sup>ST</sup> MAY 2025

Members will have received copies of the Town Council's Prospective Councillor Packs and the election timetable details. As well as the proposed arrangements for induction and onboarding of new councillors, some of these are mandatory requirements and so please ensure they are in your diaries.

Cornwall Council will run an awareness session for prospective town and parish councillors regarding the election process on 12<sup>th</sup> March 2025 at 5pm and I have circulated the link of that webinar.

There have been some changes to meetings and the new schedule has now been published.

The pre-election period commences with the beginning of the nomination period  $-14^{th}$  March 2025 and Councillors need to be cognisance of those requirements.

Good luck to those members that are seeking re-election and thank you to those councillors who have served the council and supported our community this term.
